Subject: Re: Draft ECOS PFAS Call (1/22) Agenda for Review, Materials
Attachments: ECOS PFAS Caucus 1-22-20 Call Agenda.docx

Good morning,

I have updated the draft agenda to reflect Massachusetts speaking in the third section on sharing drinking water testing results data. I will send this to the Caucus tomorrow, so please let me know **today** if you have any edits to the attached document. And please let me know if and when you plan to send me PowerPoint presentations for the webinar.

Best,
Sarah Grace

Hi all,

Thank you for your willingness to speak on the ECOS PFAS Caucus call next Wednesday, January 22 at 2-3 p.m. Eastern. I've attached a draft agenda. Please review it and let me know if you have any edits or questions by this Thursday, 1/16.

I've set up a webinar. Please let me know if you will have slides or any other materials. I don't actually need the PowerPoints from you until the afternoon before the webinar.

I look forward to talking with you all next week!

Best,
Sarah Grace Longsworth

Outline of Presentations:

1. Sharing "Places of Interest" data
 - State example – Michigan: public website showing areas with contamination
 - EPA example – "Places of Interest" data model being used in conjunction with National PFAS Data Explorer release

2. Sharing Ambient Monitoring of PFAS (surface water, soil, sediment, biota) via the Water Quality Exchange

- State example – Minnesota, the Water Quality Portal
- EPA example – show some screen captures of what the national data looks like

3. Sharing of Drinking Water Testing Results

- State example- California
- EPA status on being able to receive DW testing data – presentation by SDWIS manager (Michael Plastino) to discuss the upgrades that SDWIS is making to allow data flow for PFAS data.
